GEOPHYSICS

A Journal of General and Applied Geophysics

VOLUME II JANUARY NUMBER 1

HOPPER, R. H., JAKOSKY, J. J.: The Effect of Moisture on the Direct Current Resistivities of Oil Sands and Rocks..... 33
JAKOSKY, J. J., HOPPER, R. H.: The Effect of Moisture on the Direct Current Resistivities of Oil Sands and Rocks..... 33
MACELWANE, J. B.: A Research Library in the Geophysical Field..... 17
MOTT-SMITH, L. M.: Gravitational Surveying with the Gravity-Meter..... 21
RANSONE, K., ROSAIRE, E. E.: The Amount and Distribution of Seismic and Gravity Exploration in the Gulf Coast through 1936..... 1
ROSAIRE, E. E., RANSONE, K.: The Amount and Distribution of Seismic and Gravity Exploration in the Gulf Coast through 1936..... 1
SMITH, A. L., WILSON, J. H.: Abnormal Velocities in Sedimentary Beds in Eastern Utah..... 56
WILSON, J. H., SMITH, A. L.: Abnormal Velocities in Sedimentary Beds of Eastern Utah..... 56
Reviews of Recent Publications
"The Van Oilfield, Van Zandt County, Texas." By R. A. Liddle. University of Texas Bull. No. 3601 (dated 1 Jan. 1936) January 1937, 79 pp. 27 plates..... 63
"The Interrelation of Geology and Geophysics." By O. L. Brace. American Association of Petroleum Geologists, Bulletin, February, No. 2, Vol. 21, 1937, pp. 197–211.. 63
"Principles and Practical Results of Geophysics." The Petroleum Times: Vol. (new series) 36, No. 916, 1 August 1936. Pages i to xlviii and 141, 143, and 151; 22 Halftone Pictures of Work in the Field; 28 Maps and Diagrams..... 67
Personal Items..... 68
The Society Round Table
Membership Applications Approved for Publication..... 69
Membership List and Addresses..... 73

Second Annual Mid-Year Meeting 80
Minutes, Business Meeting 80
Program, Technical Meeting 81
Annual Audit 83
Report of Nominating Committee 86
Executive Order No. 27 (Amendments to the By-Laws) .. 87
Executive Order No. 24 87
Constitution and By-Laws, as amended to February 5, 1937 87

VOLUME II MARCH NUMBER 2

BARTON, D. C.: Discussion of a Review by E. E. Rosaire (GEOPHYSICS, Vol. II, No. 1, Jan., 1937, pp. 63–67) 166
BLAU, L. W.: The Interpretation of Geophysical Data 95
FARREN, W. R., WHITE, H. H.: Recent Developments in Explosives for Seismograph Prospecting 114
HASLER, M. F.: The Spectrographic Correlation of Oil Well Waters 127
HOWELL, L. G.: Atmospheric Potential Gradient Measurements 161
RIEBER, FRANK: Complex Reflection Patterns and Their Geologic Sources 132
ROLLAND, G. F., WHITE, H. H.: Developments of Essential Characteristics in Electric Blasting Caps for Seismograph Prospecting 119
WHITE, H. H., ROLLAND, G. F.: Developments of Essential Characteristics in Electric Blasting Caps for Seismograph Prospecting 119
WHITE, H. H., FARREN, W. R.: Recent Developments in Explosives for Seismograph Prospecting 114
Papers Relating to Geophysics 168
The Society Round Table
Membership Applications Approved for Publication 172
Minutes of the Annual Business Meeting 173
Report of the Secretary-Treasurer 174
Seventh Annual Meeting 177
Resolutions 184

VOLUME II JULY NUMBER 3

GILMORE, MARION H.: Earthquake Investigations 253
GUTENBERG, B.: Geophysics as a Science 185
MOTT-SMITH, M.: Adverse Effects Associated with Variably Compounded Seismograph Records 265
NEUFELD, J., SCHERBATSKOY, S. A.: Fundamental Relations in Seismometry 188
NEUFELD, J., SCHERBATSKOY, S. A.: Equivalent Electrical Networks of Some Seismographs 213
SCHERBATSKOY, S. A., NEUFELD, J.: Fundamental Relations in Seismometry 188
SCHERBATSKOY, S. A., NEUFELD, J.: Equivalent Electrical Networks of Some Seismographs 213
WASHBURN, HAROLD W.: Experimental Determination of the Transient Characteristics of Seismograph Apparatus 243
Reviews of Recent Publications
"Geophysical Investigations in the Emerged and Submerged Atlantic Coastal Plain. Part I. Methods and Results." By Maurice Ewing, A. P. Crary, H. M. Rutherford and B. L. Miller. Bulletin of the Geological Society of America, vol. 48 (1937), pp. 753–802 ... 295
Publications of the Society of Exploration Geophysicists 297
The Society Round Table
Membership Applications Approved for Publication 299

VOLUME II OCTOBER VOLUME 4

BRYAN, A. B.: Gravimeter Design and Operation 301
HARE, D. G. C.: A New Source of Damped Wave Trains Suitable for the Testing of Geophysical Apparatus 309
MCMURRY, V., WETZEL, W. M.: A Set of Curves to Assist in the Interpretation of the Three Layer Resistivity Problem ... 329
MUSKAT, MORRIS: A Note on the Propagation of Seismic Waves 319
SALVATORI, HENRY: Mapping Faults by the Reflection Method 342
WETZEL, W. W., MCMURRY, V.: A Set of Curves to Assist in the Interpretation of the Three Layer Resistivity Problem 329

WOLF, ALFRED: The Reflection of Elastic Waves from Transition Layers of Variable Velocity 357
Recent Papers of Interest to Exploration Geophysicists 364
The Society Round Table
Membership Applications Approved for Publication 366
Notice of Address of Business Manager 368
